Curriculum Vitae

Experience

Vocational

Oct 2022–Present **PhD Student in Mathematical Analysis, Modeling and Applications, SISSA (International School for Advanced Studies) mathLab**, Trieste, Italy.

Topics of interest:

- Data-driven *closure* techniques for intrusive reduced order models;
- Space-dependent aggregation methods for data-driven surrogate models;
- Convolutional-based architectures for the nonlinear dimensionality reduction of full order operators;
- Filtering approaches for the incompressible Navier–Stokes equations.

Expected graduation date: September 2026.

PhD Advisor: Prof. Gianluigi Rozza,
International School of Advanced Studies (SISSA),
Via Bonomea, 265, Trieste, Italy,
gianluigi.rozza@sissa.it

PhD Co-advisor: Dr. Giovanni Stabile,
Biorobotics Institute, Sant'Anna School of Advanced Studies,
Viale Rinaldo Piaggio, 34, Pontedera, Pisa, Italy,
giovanni.stabile@santannapisa.it

May 2025–Present **Three-months Internship**, Centrum Wiskunde & Informatica (CWI), Amsterdam, The Netherlands.

Scientific collaboration with Prof. Benjamin Sanderse. Topics of the project:

- Simulation of turbulent flows on staggered grids;
- Development of an Evolve-Filter-Relax approach, where the filter acts in the frequencies domain;
- Energy-conserving (and in general) structure-preserving filtering.

Oct–Nov 2023 **One-month Secondment**, Virginia Tech, Virginia, USA.

Scientific collaboration with Prof. Traian Iliescu in the context of the ARIA (Accurate ROMs in Industry and Applications) project. Topics of the secondment:

- Simulation of turbulent flows benchmark with Finite Elements;
- Implementation of an optimized version of the Evolve-Filter-Relax formulation;
- Investigation of different parameters' optimization strategies.

Sep 2021–Sep 2022 **Research Fellow**, SISSA (*International School for Advanced Studies*) *mathLab*, Trieste, Italy.

Fellowship holder at SISSA in cooperation with Fincantieri S.P.A.

Numerical simulation and mathematical modelling of new hydrodynamic shapes for the reduction of resistance, noise and pollution for the immersed part of cruise ships.

Keywords of the project:

- Shape optimization pipeline using efficient surrogate models;
- High-fidelity simulation with the open-source software OpenFOAM;
- Development of data-driven Reduced Order Models for the reduction of the computational effort.

Mar 2021–Jul 2021 **Pre-degree internship**, SISSA (*International School for Advanced Studies*) *mathLab*, Trieste, Italy.

Fellowship holder in the framework of the project ERC AROMA-CFD (European Research Council: Advanced Reduced Order Methods with Applications in Computational Fluid Dynamics). Development of data-driven techniques combined with Reduced Order Methods, applied to the study of turbulent flows to improve the reconstruction of the velocity and pressure fields.

Education

Sep 2019–Jul 2021 **Master degree in Mathematical Engineering**, Politecnico of Torino, Italy.
Final mark: 110/110 with honours

Sep 2016–Jul 2019 **Bachelor degree in Industrial Engineering**, University of Salento, Italy.
Final mark: 110/110 with honours

Sep 2011–Jul 2016 **Scientific High School**, Liceo Quinto Ennio, Gallipoli (LE), Italy.
Final mark: 100/100 with honours

Bachelor Thesis

Title *Self-healing materials: study of a cohesive zone model using a thermodynamic approach*
Co-advisor Dr. Marco Trullo
Advisor Prof. Rossana Dimitri

Master Thesis

Title *Data Enhanced Reduced Order Methods for Turbulent Flows*
Co-advisors Dr. Giovanni Stabile, Dr. Andrea Mola
Advisors Prof. Claudio Canuto, Prof. Gianluigi Rozza
Full-text <https://webthesis.biblio.polito.it/18793>

Supervised projects

- 2025 Master Thesis of Piero Zappi (University of Trieste, Scientific and Data Intensive Computing, Italy). Title: “*Aggregation Strategies of High-Fidelity and Reduced Order Models for Turbulent Flows*”
- 2024 Master Thesis of Gabriele Codega (University of Trieste, Data Science and Scientific Computing, Italy). Title: “*Machine learning-based Closures for Non-intrusive Reduced Order Models*”

Other Academic Activities

- Dec 2025-Present Committee member of Young-SIMAI

Sep 2025-Jan 2026	Tutoring for the SISSA PhD Course in <i>Applied Mathematics: Numerical Analysis and Scientific Computing</i>
May 2025	Organization of Young Mathematicians in Model Order Reduction (YMMOR) conference, SISSA, Trieste. Website: mathlab.github.io/ymmor2025
Sep 2023-Sep 2025	SISSA SIAM Student Chapter President
Apr 2025	Organization of SISSA Women In Mathematics 2025
May 2024	Organization of SISSA Women In Mathematics 2024
May 2023	Organization of SISSA Women In Mathematics 2023
Sep 2022-Jul 2023	SISSA SIAM Student Chapter Vice-President

Publications

- Preprint, *StabOp: A Data-Driven Stabilization Operator for Reduced Order Modeling*,
2026 P. H. Tsai, [A. Ivagnes](#), A. Quaini, T. Iliescu, G. Rozza,
arXiv: [2602.07745](https://arxiv.org/abs/2602.07745)

- 2023 *Towards a machine learning pipeline in reduced order modelling for inverse problems: neural networks for boundary parametrization, dimensionality reduction and solution manifold approximation*,
A. Ivagnes, N. Demo, G. Rozza,
Journal of Scientific Computing, 95.1: 23.
arXiv: [2210.14764](https://arxiv.org/abs/2210.14764), doi: [10.1007/s10915-023-02142-4](https://doi.org/10.1007/s10915-023-02142-4)

Presentations

- Sep 2025 Talk at **SIAMAI** conference, Trieste (Italy).
Title: *Data-driven Closure Strategies for Parametrized Reduced Order Models via Deep Operator Networks*
- Mar 2025 Talk at **SIAM CSE**, Fort Worth, Texas (USA).
Title: *Nonlinear Reduction of Partial Differential Operators Via Convolutional Architectures*
- Feb 2025 Talk at **GNCS-SIAM Chapters Meeting**, Pavia, Italy.
Title: *Parametric Intrusive Reduced Order Models enhanced with Machine Learning Correction Terms*
- Jul 2024 Poster presentation at **Summer school on Numerical Analysis**, Palaiseau, France.
Title: *Parametric Intrusive Reduced Order Models enhanced with Machine Learning Correction Terms*
- Jun 2024 Talk at **ECCOMAS Congress on Computational Methods in Applied Sciences and Engineering** conference, Lisbon, Portugal.
Title: *Regularization Techniques for Data-driven Reduced Order Models*
- Mar 2024 Talk at **Young Mathematicians in Model Order Reduction (YMMOR)**, Stuttgart, Germany.
Title: *Enhancing Non-intrusive Reduced Order Models with Space-dependent Aggregation Methods*
- Feb 2024 Talk at **SIAM UQ** conference, Trieste, Italy.
Title: *Hybrid Data-driven Strategies for Parametric Reduced Order Modeling*
- Jun-Jul 2023 Talk at **Computational Methods in Marine Engineering (MARINE)**, Madrid, Spain.
Title: *Non-intrusive Reduced Order Modeling to Accelerate Design and Optimization Processes.*
- Apr 2023 Talk at **Computational Fluids Conference (CFC)**, Cannes, France.
Title: *Data Enhanced Reduced Order Methods for Turbulent Flows.*

- Sep 2022 Poster presentation at **Model Reduction and Surrogate Modeling (MORE)** conference, Berlin, Germany.
Title: *Data Enhanced Reduced Order Methods for Turbulent Flows*.
- Jul 2022 Poster presentation at Summer School on **Reduced Order Methods in Computational Fluid Dynamics**, SISSA, Trieste, Italy.
Title: *A data-driven reduced order modeling framework for shape optimization of marine propellers*.
- Jul 2022 Lecture at Summer School on **Reduced Order Methods in Computational Fluid Dynamics**, SISSA, Trieste, Italy.
Title: *Data enhanced reduced order models for turbulent flows*.
- Dec 2021 Poster presentation at **RAMSES: Reduced order models; Approximation theory; Machine learning; Surrogates, Emulators and Simulators** conference, SISSA, Trieste, Italy.
Title: *Data Enhanced Reduced Order Methods for Turbulent Flows*.

Awards

2024 **SIAM Student Chapter Certificate of Recognition**

2023 **Best Student Presentation**, CFC (Computational Fluids Conference), Cannes, France

Computer skills

- Basic Ansys Fluent, AutoCad, COMSOL Multiphysics, Javascript
- Intermediate Matlab, PYTHON, Linux, C++, Julia
- Advanced L^AT_EX, OpenFOAM

Communication Skills

Good communication skills and capacity to work in a team, gained during the research fellowship and the first two years of PhD at SISSA.

Languages

Italian **Mothertongue**

English **Upper-Intermediate**

FCE - Cambridge Certification

I authorise the handling of the personal data in accordance with UE regulation 2016/679.
Trieste, 25th February 2026
